Are you wondering what "High Performance Computing" is?
Do you have suggestions on how to improve our HPC resources?

If so, please join us at:

Second Annual High Performance Computing Day at Lehigh

Featured Keynote Speaker

Kelly Gaither

Advanced Computing: Past, Present and Future

<http://www.lehigh.edu/computing/hpc/hpckeynote.html>

Associate Director, Data and Information Analysis
Texas Advanced Computing Center
The University of Texas at Austin
